

Free Fallin'

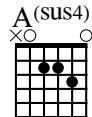

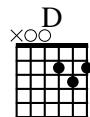

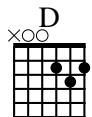

CAPO 3rd Fret

Tom Petty

Arr. D. de Vries

guidetonesmusic.com

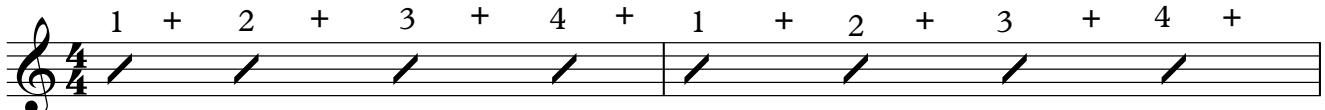

Tap your foot on the downbeats and play this strum pattern

Strumming
pattern (all
down strokes)

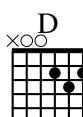

Tap foot on
down beats
ie 1,2,3,4

This is the busier version of the strum pattern. We're dividing the beat into quarters (down, up down, up - for every foot tap)

Play the accented notes, where the chord changes, louder.

Try and vary the colours when strumming (low and high string groups, strum close to the bridge or neck)
